**The Party
1992**

Part II, The FINAL!

WHY?

THE PARTY 1991 was, according to you, the diskmags, newspapers, and computer magazines, the biggest & best Amiga Party ever. And as everybody wanted a second party, we (The Organizers) would like to invite YOU to:

THE PARTY 1992 (Part II, The Final!)

WHERE AND WHEN?

THE PARTY 1992 will be held in the same huge conference centre as last year, but this time we will not only use Hall 1 but also Hall 2 and 3. That means 6500 Square metres, almost 3 times as large an area, as last year. The party place is located in Aars, 35 KM south of Aalborg, Denmark, and will be held from Sunday the 27th of December at 0800 CET to Tuesday the 29 of December 1992 at 1500 CET.

FACILITIES:

- Room for at least 1500 people, including tables and chairs for everybody.
- At least one FREE bus will drive nonstop from Aalborg Railroad Station to the party place, both the first and the last day! So if you are going by train, then travel to Aalborg. A new highway has been made since last year so it won't take long to drive.
- Enough electricity for everyone, with a professional electrician 24 hours a day to avoid any power problems.
- All info about what's going on will be published on a large bulletin board, infoscreeens, the big screen, and the infochannel.
- 300x250cm high quality screen for competitions, movies etc. This screen is the same screen which people liked last year.
- Extremely powerfull HI-FI equipment to guarantee perfect soundquality. Last year people complained that the speakers were playing to low. Yes, the soundquality was good, but too low. This was because of the sound equipment we ordered never arrived, so we had to use some home equipment. We now have a written contract with a Discoteque, so this time, you better put cheese in your ears.
- A real cafeteria will be open in the day time and at night there will be a small Snack Bar selling all the Low Life food you may need. And YES, last time people complained that the food etc. was too expensive so we have done something serious about this: The cafeteria got a new management, and that means: LOWER prices!
- This time we have 3 TV channels and 1 radio channel which will be broadcasted so anyone who bring a TV-set/radio and an antenna will be able to watch: 2 moviechannels, 1 infochannel, and listen to 1 radio channel. Last time there was receiving problems, but this time a transmitter has been build to ensure perfect broadcast quality.
- The toilet facilities are good and if you want a shower then that's ofcoz possible too.
- A Lazerdisc room with a big screen and dolby pro logic surround sound, showing new lazerdiscs 24 hours a day!!!
- Cleaning personel to ensure that you will be able to walk around in the halls.
- Modemtrading, so all new stuff will be freely distributed in the reception.
- Stand with a local computer store, selling disks etc.
- Luggage room, for those wanting to have taken care of their equipment, with small fee.

SURPRICE:

- Kyd/Balle (Silents, DK) Techno-concert, live on stage.

Camelot

Official C64 Party invitation.

Camelot hereby invite you to The Party 1992.

The rules and facilities in the main invitation also counts for C64 freaks except for the competitions.

For all the C64 competitions the results will be determined by public voting to obtain fair results. We will show all competing demos and pictures and play all the tunes.

Demo rules:

Demo must run on a standard C64.

If you can't finish 'crunch your demo in time, you are allowed to show it from monitor or assembler.

We will let all demos compete even if parts of it has been released before and then it's up to the voting audience not to vote if they find it unfair showing pre-released parts. By following this line we think we can avoid angry or disappointed freaks.

Graphics rules:

All known and unknown formats are allowed even interlaced, hires-fli, and sprites'n rasterbars or whatever you may use.

The picture must be delivered as an executable file.

Music rules:

All formats are allowed.

The tune must be delivered as an executable.

If people are interested we will hold a game competition. The game is the "famous" Camelot made by Glasnost and Sphinx of Camelot.

Prices:

	<u>Demo</u>	<u>Music</u>	<u>Graphics</u>
1st	2500 DKr. (Approx. \$460)	800 DKr. (Approx. \$150)	Same as music
2nd	1000 DKr. (Approx. \$185)	500 DKr. (Approx. \$95)	Same as music
3rd	500 DKr. (Approx. \$95)	200 DKr. (Approx. \$40)	Same as music

Danish Elite

Official PC Party invitation.

Danish Elite hereby invite you to The Party 1992. Last year a party was held in Aars, but it was mainly Amiga related. This year, The Party also takes care of U PC guys out there, since we, Danish Elite has come to an agreement with the head organizers that a PC is just as much a demo computer as well as a business computer.

The rules and facilities in the main invitation also counts for PC owners, but we only have one competition - The Demo Competition.

Prices:

1st price:	1500 DKr. (Approx. \$275)
2nd price:	1000 DKr. (Approx. \$185)
3rd price:	500 DKr. (Approx. \$95)

There will be no competition if less than 7 demos come up. If there are 3 demos, all 3 demomakers will get a price (Under this circumstance, this is NOT a competition, however). If not enough PC freaks show up, we take the liberty of lowering the prices. But for you, I wouldn't worry. All restrictions mentioned above, are in our oppinion, not going to happen.

Demo rules:

- The demo must be an executable, and not an animation.
- Your demo has to run on a standard 386sx machine.
- We don't care what graphics card you use, as long as it supports the ET-4000 SVGA graphics card, that we will use to show it.
- Maximum length is 30 minutes.
- Your demo music can be of any standard, but we are only supporting the Sound Blaster Pro card, so if your music doesn't support this card, please take your sound card, used for the demo, with you.

For registration or more info, contact us by letter or modem:

Danish Elite HQ,
Vester Vænge Alle 5,
DK-9000 Aalborg,
Denmark

Castle of Illusion BBS,

- And... Sum very crazy surprise competitions WILL be held too!

RULEZZZZZ:

- Overall Demo/Music/GFX rulez:

- All contributions must be delivered at the reception near the entrance to one of the organizers.
- The people taking part in the competitions must be present at the party.

- Demo Competition:

- Each group can contribute with as many demos as they want to, but only one demo from each coder.
- Max. Demo length: 30 min.
- The demos must be able to run on a standard (1.2/1.3) A500 with 1 MB memory. If they don't, bad luck...

- Music Competition:

- Each musician is allowed to contribute with 1 tune.
- We will play a maximum of 6 minutes per module.
- Your tune must be delivered as an executable file to avoid any problems with players etc.

- Gfx Competition:

- Each artist is allowed to contribute with 1 picture.
- The picture must be loadable from Dpaint4.

- Intro Competition:

- Intro length max: 40KB.
- The intro must be able to run on a standard 1 MB Amiga 500.

PLEASE NOTE:

- We will not accept anybody selling food, disks etc. etc. etc.
- People who can't behave will be thrown outside until they can, real troublemakers will ofcourse be handed over to the police.
- People who cause any damages will ofcourse have to pay for it.
- Please help us by putting your trash in the trashcans and bags. Reason? - last year 20 people used 2 days to do it.
- If you have made a video or something else amazing, bring it with you and we'll gladly show it at the big screen. Just hand the productions to an organizer in the reception near the entrance.
- We take no responsibility for illegal swapping, software, video etc.

ENTRANCE PRICE:

Due to the extra events, prices, etc. the entrance fee will be 120 DKK.
NO foreign currencies will be accepted!
