Tribute 1996

The Second

Dear Sirs & Madams,

It has been an interesting period planning one of the most talked about, rumoured and awaited events to take place on the Commodore 64.

The Tribute-concept was born in 1994. The idea was that people from past and present would come together and salute the Commodore 64, the scene and the times we've all shared.

In November 1994, groups like Triad, Fairlight, Xakk, GP, Avantgarde, F4CG, Censor, Oxyron and Byterapers gathered to mention a few of the people from a broad timeperspective. The reactions from the party were several, most of them positive, but we have altered things slightly to make things more comfortable for the wide bunch.

The Commodore 64 has startled us, and continues to startle. Even though, what we refer to as the scene has been a part of history since over 10 years back, we still triumph new victories in amazing demos. Just to think there are still games coming out in 1996 is truly amazing!

That is why we want Tribute. For those of you who unfortunately had to leave us too early can meet up and catch up with the past years. The active and productive ones will again get to meet, compete, enjoy and socialize. We do so in spirit of the 64. We do so in spirit of the scene that has created one of our greatest memories to look back at when we grow old. We do so, because this is a part of our roots. Welcome to your past. Gothenburg, Sweden.

Regards,

The Tribute-Association

Information

The partyplace will not be a school. We believe that for spirit, fun and socializing, a club is ideal. The party will be held in one of the most popular clubs in Gothenburg called *WalkOver*. There will be a big screen (Tribute 1994 still has the biggest screen on a party to date), a bar, a pooltable, Blackjack and Roulette. The club is located 3 minutes walk from the *CentralStation*, on *Kyrkogatan 33*. There is a parkinghouse located close to the club. The party will open at 1800 Friday-evening and close Sunday at 1500. Entrancefee is SEK 200.
